

To whom it may concern,

Jamee has worked for me as a performer over around 50 engagements over the past two years in Sydney and surrounds. These performances have been of varied contexts including corporate entertainment, events, product launches, festivals, stage work, photo-shoots, balls and parties.

I can't speak of Jamee highly enough. She is one of the most multi-skilled circus artists that I know. A well-rounded performer, her background in dance gives her performances elegance and dynamism. Most importantly she is so great to work with! Always smiley, friendly and giving 100% to any performance that she does.

Regards,

Eva Fernandez Adan
