Reference for Jamee Campbell

To Whom It May Concern:

Jamee has worked as a circus instructor at Umbilico from September to December 2016. Her regular classes were Lyra (Aerial Hoop) for adults and Mixed Circus arts for little ones (2-4 yrs) and for older Kids (5-12 yrs).

We thoroughly enjoyed working with Jamee and, although excited for her, we were sad to see her go. She is a friendly and caring instructor and was very well-liked among her students for teaching in a passionate and professional manner, with a good balance between pushing everyone individually and keeping the group safe at all times.

Jamee was always punctual and very well prepared for her classes. She kept us in the loop with progress of students, was flexible and easy to work with and when needed liaised effectively and in detail with other instructors.

Her passion for kids really shined through and together with the clever and holistic exercises, games and circuits she set up for them it allowed her to win and hold their attention for the entirety of the class and be cherished by them.

For the reasons briefly described above I hope in the future to have the pleasure to welcome Jamee back at Umbilico and I very happily recommend her as a circus arts instructor for adults and kids alike.

Sincerely,

Giordana Cocco
Managing Director
